David Cronenberg's new film Maps to the Stars is in theaters and on VOD, and every time a new film arrives from the director I end up going back through his. David Cronenberg's most recent film, Maps to the Stars, has received divided reviews. Photograph: Graeme Robertson/Graeme Robertson.

Gradually, Crimes of the Future becomes a surprisingly thorough and anticipatory working draft of the prototypical Cronenberg body-horror film, dramatizing,.

It should surprise no one that David Cronenberg has written a novel. He's been adapting literature — both "difficult" classics and high pulp — for decades now. But of them all, few are more uniquely distinct than the subset of films that come to mind when you talk about David Cronenberg. The signature is "body violence." David Cronenberg has never, bless his chilly, serenely uncommercial soul, gone the first time in the Canadian director's 45-year career that he's made a film.

Highlights from the filmography of David Cronenberg. Crash (1996) Though not the most ambitious of Cronenberg's literary adaptations (see Naked Lunch, below), his take on J.G. Ballard's masterful neofuturist novel is nevertheless a wry. Over the past decade or so (since Spider, at least), David Cronenberg's defining cinematic concerns with the mutability of human flesh has given way.

When the great Canadian film-maker David Cronenberg turned 70 last year he felt, in a word, old. An admirer of Franz Kafka, he said he found himself. Brecht's sardonic view of Tinseltown is endorsed in David Cronenberg's luridly enjoyable new feature, Maps to the Stars. The film, pitched somewhere between.
David Cronenberg's approach to directing Maps to the Stars, screenwriter Bruce Over
the years, obviously, your films have found corruption and moral squalor.
Known for provocative and challenging films, Cronenberg has a huge cult following, and is a master of science fiction, thrillers, Crash by David Cronenberg, Courtesy Warner Bros eXistenZ by David Cronenberg, Courtesy Dimension Films. A profile and consideration of David Cronenberg, originally published in the first print or eXistenZ (1999), that made Cronenberg a kind of Marshall McLuhan with a In Crash (1996)——a film so vote-splittingly outré that Cronenberg won.
New David Cronenberg film 'Maps to the Stars' at Cinema Detroit. There's a fascinating, if kind of depressing, look at bygone film economics in this Cronenberg cinematic touchstones, like the critical backlash to "Crash" (the it during its small theatrical run), "Naked Lunch" (Cronenberg received William S.
